

THE POSITION: CONTROL TECHNICIAN

Cityneon is a global experience entertainment company specializing in unique, immersive and large-scale experiences. Staying true to our philosophy- “Big Ideas. Bigger Experiences”, we continue to push the envelope on what is possible not only through our offerings but our people as well. The combined efforts of our team of around 400 people worldwide have since seen us clinching the ‘Best Listed Company Award’ in 2018 and even a Guinness World Record title for “The Hunger Games: The Exhibition” in Las Vegas. Guided by the same principles of innovation and unwavering commitment to excel since 1956, we strive to get ever closer to our vision of being a global leader in the experience entertainment industry.

As **Control Technician**, you will be reporting to the **Director of Operations** based in Beijing, China. You will be playing an integral role in the continued growth and expansion of Cityneon’s China team, working with other counterparts globally.

This role offers excellent opportunities for personal and career growth as you will be exposed to large-scale, immersive experiences that Cityneon has been known for. Aside from the stimulating work and exciting working environment, you would also be required to travel to different locations to manage our touring exhibitions.

The ideal candidate is meticulous and highly adaptable to constant change. The idea of a fast-paced, entrepreneurial environment does not faze you and instead is a place where you thrive.

Key Responsibilities Include:

- Responsible for Jurassic World Exhibitions (JWE) projects and automation related tasks.
- Manage and maintain all auto control elements to ensure desired effect is achieved for the exhibition.
- Manage and maintain all auto control elements to ensure daily operations run smoothly for the exhibition.
- Install and tear down of the exhibition in terms of automation control.

Requirements & Attributes:

- Bachelor's Degree and/or above, Automation background or related.
- 8+ years in automation control related working experience.
- Preferred relevant working experience in Theme Parks, Cinemas, Attractions or other similar establishments.
- Knowledge and experience in working with low voltage electronics.
- Knowledge and experience in small, servo-controlled mechanisms.
- Experience with automation control systems.
- Knowledge of electrical distribution and necessary safe working practices.
- Comfortable working onsite for long periods at a time and working under high pressure.
- English as a working language. Able to articulate thoughts and ideas well.

Please send your detailed updated resume and portfolio to recruitment@cityneongroup.com before **31 December 2020**. All applications will be treated with strictest confidence. We regret that only shortlisted applicants will be contacted.
